Unc Charlotte’s Vision Statement

Purpose of the Relationship Statement

Fraternities and sororities have held a significant position within the UNC Charlotte campus community since 1970. Owing to a foundation based on social and moral character, good citizenship and a commitment to true fraternal culture, fraternities and sororities often constitute a valuable component of the undergraduate experience and complement the curricular and co-curricular aims of the University. Fraternities and Sororities recognized by UNC Charlotte are expected to maintain this history of positive contribution by conducting themselves in accordance with the shared values and expectations of their affiliate inter/national organizations and the University.

This Relationship Statement between UNC Charlotte, its Fraternities and Sororities, and their respective inter/national organizations formalizes those shared values and expectations that are instrumental in ensuring a mutually beneficial alliance between all of the parties. Among the specific areas addressed are scholarship/academic performance, campus and community service, new member/membership intake education, leadership, programming, non-Greek programming, diversity and inclusion, advising, alumni relations, and the annual registration process. In short, this Relationship Statement serves as the basis for ensuring (1) the positive presence and continued contributions of Fraternities and Sororities at UNC Charlotte, and (2) that each party to this document is working to enable each other to meet and exceed their individual missions and goals.

I. Scholarship and Academic Performance

It is assumed that a student at UNC Charlotte, by virtue of enrollment, is here primarily for an education. Accordingly, it is expected that the basic academic relationship between the student and the University will be enhanced, and not altered, by a student’s membership in a Fraternity or Sorority. It should be a primary goal of all Fraternities and Sororities to lead in the effort to promote academic success.

1 For purposes of this document, “Fraternities and Sororities” are those that are housed under the North American Interfraternity Conference (NIC, FLA or IFC), the National Pan-Hellenic Council (NPHC), Panhellenic Conference (PHC/A), the National Association of Latino/a Fraternal Organization (NALFO), the National Multi-Cultural Greek Council (NMGC), National APIA Panhellenic Association (NAPA), or any single gendered, social fraternity or sorority.
To this end, chapters are expected to:

A. Establish standards of academic performance for both current and new/prospective members. All chapters will be expected to maintain a minimum semester GPA of 2.55. Chapters currently under a 2.55 GPA will participate in the Fraternity and Sorority Community Academic program developed by the Office of Fraternity and Sorority Life, and will be required to meet this minimum standard by the end of the fall semester of 2016.

B. Recruit members who are in good academic standing, with the understanding of the effect that entering members’ GPAs have on the chapter as a whole. The minimum cumulative GPA for all entering members (including high-school and transfer students) must be at least 2.55 in order to participate in recruitment activities.

C. The mission of our office is to increase the status quo and challenge our students to be better and do better. Under the recommendation of collected data collection, the Office of Fraternity and Sorority Life will be increasing the GPA requirement to go Greek by 0.05 every year until we reach and pause at a 2.6 GPA requirement. Therefore, during the 2016-2017 academic year, any student who hopes to join a Greek Lettered Organization must have a least a 2.55 GPA. During the 2017-2018 that requirement will move to a 2.6. This also means organizations must meet this new minimum standard in order to be in good standing with our office.

D. Demonstrate support of academic success in the larger University community by providing programming which focuses on academic skills and strategies. Chapters also are urged to take advantage of educational programs and services, such as the University Center for Academic Excellence, Supplemental Instruction Sessions, the University Library and the Writing Resource Center.

E. Use their own intervention programs to improve scholarship, in addition to providing study halls for members.

UNC Charlotte will provide the following support to chapters:

F. The Office of Fraternity and Sorority Life will annually recognize the chapters that meet or exceed academic standards set for Fraternities and Sororities.

G. In order to help chapters fulfill academic expectations, the Office of Fraternity and Sorority Life will keep chapters informed of study skills training and other services through the University Center for Academic Excellence, as well as an orientation for new members through the Atkins Library.

H. The University will assist chapters in developing and implementing academic improvement plans when necessary.

A chapter that fails to meet the minimum standard for Fraternity and Sorority organizations (2.55 semester GPA) by the end of the fall semester of 2016 will face the following sanctions:

   Semester 1: Chapter will be placed on academic probation and required to submit academic improvement plan.
   Semester 2: Social privileges will be withheld, continued academic probation, and required to submit enhanced academic improvement plan.
Semester 3: Chapter recognition suspended at the discretion of the Office of Fraternity and Sorority Life.

In addition, falling below the standard minimum GPA may affect recognition in chapter awards. In order to improve academic standing, chapters will work closely with the Office of Fraternity and Sorority Life and their chapter advisor in order to establish interventions and programming to resolve the situation and improve performance of all members.

II. Diversity and Inclusion
As is reflective of the University population, the Fraternity and Sorority Life community is comprised of individuals representing a variety of heritages, backgrounds, experiences, and perspectives as well as of individual organizations with unique histories and missions. As our campus becomes more diverse, it is essential that the Greek community honors and maintains an inclusive atmosphere.

*To promote this effort, chapters are expected to:*

A. Honor the antidiscrimination policies put forth by their national affiliate organizations and the University.

B. Develop an understanding of the uniqueness of each Fraternity and Sorority council and its constituent organizations while actively seeking opportunities for collaboration.

C. Annually hold a program which focuses on diversity for either your chapter or community.

G. The Office of Fraternity and Sorority Life will seek out sources of funding and support to help pay for these initiative for students

III. Campus and Community Service
Fraternities and Sororities are key participants in the University’s ongoing efforts to serve the greater Charlotte community. The Fraternity and Sorority tradition of service includes donating thousands of volunteer hours as well as hundreds of dollars. The continued leadership of the Fraternity and Sorority community in this area is essential to the success of UNC Charlotte.

*To this end, chapters are expected to:*

Chapters who initiate in the same semester should do so within that allotted ten week period. Chapters who hold students over for grades must initiate within 14 calendar days of the first day of classes in the following semester, assuming the requirements of the individual organizations have been met.

D. Campus introductions must be scheduled and completed no more than 3 weeks after formal initiation, but must occur prior to the last day of class.

E. No new member/membership intake activities may occur from 12:00 a.m. to 7:00 a.m. Monday through Friday. Any exceptions to this must be approved by the Chapter Advisor and Office of Fraternity and Sorority Life. All activities should be included on the calendar and approved by the Chapter Advisor, New Member Educator/Membership Intake Coordinator, and the Office of Fraternity and Sorority Life.

Academic performance by a new member/membership intake class must take priority over new member/membership intake activities. No required new activities may be scheduled which conflict with academic commitments. Chapters should develop and encourage study halls and study programs that are unique for each chapter that encourages academic success.

F. No alcohol shall be present at any new member/pledge/associate member/neophyte program, activity, or ritual of the chapter, nor should alcohol ever be given as a gift from a Big Brother/Sister to a Little Brother/Sister or vice versa.

f. **Community Service Opportunities.** Service is an important aspect of all Fraternity and Sorority organizations. It is important that new/prospective members understand that membership in a Fraternity and Sorority organization will entail community service.

g. **Leadership Development.** Leadership is an important aspect of Fraternity and Sorority life. Leadership should be nurtured in the new/prospective members from the beginning of the education period. New/prospective members can learn leadership skills by in a variety of ways, including holding responsibilities (such as planning an event or community service day) or by assuming elected positions in the new member/membership intake class and pairing with their chapter counterparts.

h. **Campus Involvement.** It is important that new/prospective members are involved in organizations outside of the Greek community. Chapters will encourage their new/prospective members to join at least one campus organization outside of the chapter.

i. **Risk Management.** New/prospective members should be knowledgeable as to how to manage risky behavior and situations. **All new members are encouraged to attend/participate in an Alcohol 101, E-Chug®, GreekEdu, or comparable program.** Chapters will submit documentation of new member risk management program to OFSL annually.

It is important that they understand that membership in a Fraternity or Sorority organization is a lifetime commitment, and part of that commitment is financial.

m. **Explanation of confidential reporting system for hazing violations within chapter.** New/prospective members should have the ability to talk with the active members regarding any hazing activities. Each chapter is required to have
a system in place that encourages new/prospective members to come forward to report the activities regarding hazing incidents that may have occurred.

n. **Internal judicial procedures to ensure all members are following the program.** Each chapter should have an internal judicial procedure to deal with violations of the new member/membership intake education program. Members should be held accountable for going against the ideals of the program and engaging in any hazing activities.

It is also the charge of Fraternity and Sorority organizations to nurture current members and to enhance the experience of members by providing ongoing membership education.

**To this end, chapters are expected to:**

A. All fraternities and sororities are encouraged to elect/appoint a Chapter Educational Programming Chair who shall coordinate all educational programming. If there is an officer currently charged with these duties, that officer can serve in this role. This officer may work with the Office of Fraternity and Sorority Life to develop educational programs for the chapter.

B. All chapters will be required to develop and submit an educational program plan for each academic year. At least one workshop from the below seven (7) categories must be presented to all members of the chapter. VIII. Advising
UNC Charlotte strongly supports the contributions that inter/national headquarters make to the Fraternity and Sorority community and the University. We feel that it is essential for each chapter to work closely with the representatives of their inter/national organizations to exemplify the ideals and values of those organizations within the Fraternity and Sorority and campus communities.

To this end, it is expected that:

A. Each chapter must have an alumni advisor and/or team in accordance with the structure prescribed by the national organization. This advisor and/or advisor team will attend chapter meetings, advise the chapter standards council, advise the chapter executive board and be represented at all initiations/rituals. X. Annual Registration Process
All fraternities and sororities at UNC Charlotte recognized by the Dean of Students Office must register annually with Student Activities for University recognition as a student organization. Registration can be accomplished through the yearly Student Activities Re-Registration process and the completion of the yearly Relationship Statement Program through the Office of Fraternity and Sorority Life.

To this end, chapters are expected to:

A. Complete all requirements for annual recognition established by the Office of Fraternity and Sorority Life and Student Activities, and maintain good standing within the Office of Student Activities and the Dean of Students Office throughout the year. A chapter’s good standing is dependent on adherence to all established University standards and demonstrating behavior that promotes both their national fraternal values and the University’s mission. Among the prerequisites for recognition is requirement that all student organizations must have a minimum of eight (8) members.

B. A chapter that fails to meet the minimum standards for University recognition will face the following tiered program to help increase membership:

- Semester 1:
  - Chapter will be asked to submit recruitment/intake action plan outlining events, marketing, programming, and alumni support in relation to recruitment/intake activities and chapter promotion to the Office of Fraternity and Sorority Life.
  - Chapter leadership will meet with Office of Fraternity and Sorority Life to discuss and examine recruitment/intake action plan.

- Semester 2:
  - Chapter will submit an enhanced recruitment/intake plan to Office of Fraternity and Sorority Life.
  - Chapter will attend mandatory recruitment/intake intensive workshop given by Office of Fraternity and Sorority Life.

- Semester 3:
  - Chapter recognition suspended at the discretion of the Office of Fraternity and Sorority Life.
  - Meeting to be conducted with regional/national organization representatives concerning future of the chapter on the UNC Charlotte campus.
**Annual Review Process**

To ensure all parties to this Relationship Statement are in compliance with all standards and shared expectations as outlined herein, **the Office of Fraternity and Sorority Life will initiate an annual review process every spring semester**. Additional reviews may be conducted on an as-needed basis at the request of a Fraternity or Sorority chapter, their inter/national organization, the Office of Fraternity and Sorority Life, or the Office of the Vice Chancellor for Student Affairs.

Fraternity and Sorority chapters, alumni advisor teams, or inter/national organizations that violate these standards and shared expectations risk losing their status as recognized student organizations at UNC Charlotte. All chapters will be offered due process throughout the annual review and adjudication process. Standards and shared expectations not met by the University will be listed in detail by the Fraternity and Sorority Life chapter leadership and forwarded to the Dean of Students for correction and discussion with the Vice Chancellor for Student Affairs.

**Review and Revision**

This Relationship Statement between the UNC Greek Community and UNC Charlotte is expected to evolve. Greek Chapters in conjunction with the Dean of Students will review this Greek Relationship Statement two (2) years after its adoption to determine if amendment and revision are required. Thereafter, this document will be reviewed every three years (2019). Suggestions or proposed revisions to this document will be forwarded to the Dean of Students for review and implementation.
